Respondent/Tenant

**REASONS FOR DECISION**

**Date of the Hearing:**                      **July 29, 2015**

**Place of the Hearing:**                      **Ulukhaktok, NT**

**Appearances at Hearing:**                      **Sadie Joss, representing the applicant**  
   **Sheila Nasogaluak, representing the applicant**  
   **Roger Memorana, respondent**

**Date of Decision:**                              **August 6, 2015**

**REASONS FOR DECISION**

The applicant alleged that the respondent had breached the tenancy agreement by failing to pay rent and sought an order requiring the respondent to pay the alleged rent arrears and terminating the tenancy agreement and evicting the respondent. The premises are subsidized public housing.

Tenant ledger cards, submitted by the applicant in evidence, indicated a closing balance for March 31, 2015 of \$2655. The applicant also provided a lease balance statement which indicated a balance owing as at July 15, 2015 of \$3963.74. The applicant sought relief in that amount.

The full unsubsidized rent of \$1445 was charged in July, 2015. The applicant testified that the unsubsidized rent was charged because the respondent had failed to provide any income information for June to enable the calculation of a subsidized rent.

The respondent did not dispute the allegations.

A previous order (file #20-11994, filed on May 12, 2011) required the respondent to pay rent arrears of \$1889.49 and to report the household income. Applying rent payments since that date first to the satisfaction of the previous order, I find that order has been satisfied.

The opening balance as at April 1, 2015 on the lease balance statement is \$2818.74, a difference of \$163.74 as compared to the March 31, 2015 closing balance on the tenant ledger cards. The

applicant was unable to account for the difference.

In order to consider an order to pay rent arrears, the evidence must support the amount of rent arrears alleged owing. In this matter, there is clearly a discontinuity in the accounting of rent. A closing balance of one month must necessarily become the opening balance of the next. If there were transactions or adjustments made to the rent account, they do not appear in the evidence presented nor were they explained by the applicant. I am unable, therefore, to accurately determine the rent arrears or consider an order to pay arrears.

Article 6 of the tenancy agreement between the parties obligates the tenant to report the household income.

**6. Tenant's Income**

The Tenant promises to provide a subsidy agent appointed by the Landlord with an accurate report of the Tenant's income, the income of any occupant of the Premises, the size of the Tenant's family, and the number of occupants residing on the Premises, whenever, and as often as, the subsidy agent requests such a report. All reporting by the Tenant must be in the form prescribed by the subsidy agent.

I find the respondent in breach of this obligation and although the applicant did not seek termination on the grounds that the tenant had breached section 6 of the tenancy agreement, in my opinion, a termination order is reasonable if the household income is not promptly reported. The public housing program is based on the concept of rent based on income and failing to provide income information is, in my opinion, a serious breach. The respondent has frequently been in breach of this obligation and has been ordered to comply.

An order shall issue terminating the tenancy agreement on August 31, 2015 unless the household income for June and July, 2015 are reported on or before that date. An eviction order to be effective on September 1, 2015 unless the income is reported on or before August 31, 2015 shall be issued separately.
